RESPONDENT’S PROFFER ON AWARD OF COMPENSATION

On August 3, 2017, Robert Williams (“petitioner”) filed a petition for compensation under the National Childhood Vaccine Injury Act of 1986, 42 U.S.C. §§ 300aa-1 to 34 (“Vaccine Act” or “Act”), alleging that he suffered a shoulder injury related to vaccine administration (“SIRVA”), as defined in the Vaccine Injury Table, following administration of a pneumococcal vaccine on February 16, 2016. Petition at 1. On July 24, 2020, the Secretary of Health and Human Services (“respondent”) filed an Amended Vaccine Rule 4(c) Report advising that, in light of Special Master Horner’s Findings of Fact ruling that the onset of petitioner’s left shoulder pain occurred within 48 hours of vaccination, and the medical evidence submitted in this case, respondent would not continue to defend the case. Amended Rule 4(c) Report at 5 (ECF No. 47). On July 28, 2020, Special Master Horner issued a Ruling on Entitlement, finding that petitioner was entitled to vaccine compensation for his shoulder injury related to vaccine administration (“SIRVA”).¹ See Ruling on Entitlement (ECF No. 48).

¹ Respondent has no objection to the amount of the proffered award of damages set forth herein. Assuming the special master issues a damages decision in conformity with this proffer, respondent waives his right to seek review of such damages decision. However, respondent

This amount represents all elements of compensation to which petitioner would be entitled under 42 U.S.C. § 300aa-15(a), with the exception of the reimbursement of the Medicaid lien, below. Petitioner agrees.

Respondent further proffers that petitioner should be awarded funds to satisfy a State of California Medicaid lien in the amount of **\$954.93**, which represents full satisfaction of any right of subrogation, assignment, claim, lien, or cause of action the State of California may have against any individual as a result of any Medicaid payments that the State of California has made to or on behalf of Robert Williams from the date of his eligibility for benefits through the date of judgment in this case as a result of the vaccine-related injury the special master found Mr. Williams suffered on or about February 16, 2016, under Title XIX of the Social Security Act. Petitioner agrees.

II. Form of the Award

Respondent recommends that the compensation provided to petitioner be made through two lump sum payments as described below:

- (1) The parties recommend that compensation provided to petitioner should be made through a lump sum payment of **\$32,576.51**, in the form of a check payable to petitioner.² Petitioner agrees.

reserves his right, pursuant to 42 U.S.C. § 300aa-12(e), to seek review of the special master's July 28, 2020, entitlement decision.

² Should petitioner die prior to entry of judgment, the parties reserve the right to move the Court for appropriate relief. In particular, respondent would oppose any award for future pain and suffering.

- (2) A lump sum payment of **\$954.93**, representing compensation for satisfaction of the State of California Medicaid lien, payable jointly to petitioner and to:

Department of Health Care Services
Recovery Branch - MS 4720
